

Terni

STH020200
Chair with steel frame base, metal

STH020100
4-leg chair, metal

STH020300
4-leg barstool, metal

Terni is a soft-look chair programme with a straightforward design vocabulary. The stylish shape of the curved seat shells and the rounded backrest create perfect comfort and a relaxed place to linger.

Leg frame

- Steel frame base, chrome-plated or black metal
- Swivel chair with 4-star base on runners, chrome-plated or black metal, 360° rotation
- Barstool with 4-leg metal frame, chrome-plated or black

Base material/upholstery

- Seat and back sections made of robust, moulded plywood in the basic variant
- Seat upholstery made of high-quality cold foam (RG 35), covered with padded fleece
- Back made of ergonomically moulded cold foam (RG 25), covered with padded fleece

Covers

- Fabrics from the Step, Step Melange, Blazer, Tonal, Era and RePlay collections
- Artificial leathers from the Skai® Parotega NF and Skai® Pandora Plus collections

Load capacity

- up to 110 kg

Bari
